

Corporate Representatives:

Corporate representatives (2 per corporate account) receive name badges, have access to the membership back-end, can attend meetings in place of the primary corporate member, and can attend meetings at the discounted employee rate of \$40.00.

To add your 2 Corporate Representatives is simpler than you may think: Simply log into your Corporate Account and update your Profile - there should be an Option to "Manage Corporate Representation" - this is where you'll add your Corporate Alternates for the year.

The info you'll need for each person is as follows:

Edit Representative ×

First Name: *

Last Name: *

Email Address: *

Allergies:

Once they've been added to the corporate membership - RSVP allocation and event registration will be far easier.
